

Proudly Listed on NSE– Social Stock Exchange (SSE) as a 1st Trust in India

Ekalavya Foundation is an NGO established in 2006 by Sri P Venugopal Reddy to help the tribal and marginalised sections who were left out from the main stream of development.

Vision: To increase the levels of income and raise the standards of living of community for the deprived and marginalised sections through sustained functional interventions.

Our Thrust Areas

- Natural Resource Management (NRM)
- Livelihoods & Skill
- Education
- Health
- Agriculture

Main Objectives

- Natural resource management – enhancing the productivity without disturbing the ecological balance.
- Enhancement of the productivity levels of farm lands through watershed and spring shed projects.
- Reclamation of farm land through boulder removal projects.
- Raising the family income through sustainable non-farming livelihood activities.
- Improving Health, hygiene and education in the rural & tribal segments.
- Promotion of organic farming.
- Increasing the marketing potential through Farmer Producer Companies.

Projects Handled and Impact:

- Completed watershed projects in more than **14888** Hectares benefitted **15000+** families.
- More than **6797** hectares of rainfed agriculture land converted to irrigated land.
- More than **1561** Hectares of non-cultivable land converted to cultivable land.
- **Above interventions increased farmer's income by 30%.**
- To increase community participation, established **310** farmer clubs and **172** women clubs.
- Sustainable livelihood programs benefitted about **1219** tribal families.
- Established **33** Farmer Producer Companies (FPC) with around 13000 small & marginal farmers as shareholders for better marketability of the farmers produce.
- Trained farmers and their family members on various skill development, farming techniques, health and hygiene.
- More than **28,971** children are getting benefitted through Vidya Vahini (Extracurricular activities in Govt. High Schools) & Vidya Vikasam (Tuition Centres in rural areas for primary level students) under educational initiatives.
- Preventive vaccination (Covid) drive covered around **50000** families and preventive sunstroke for over **20,000** families every year under health sector.

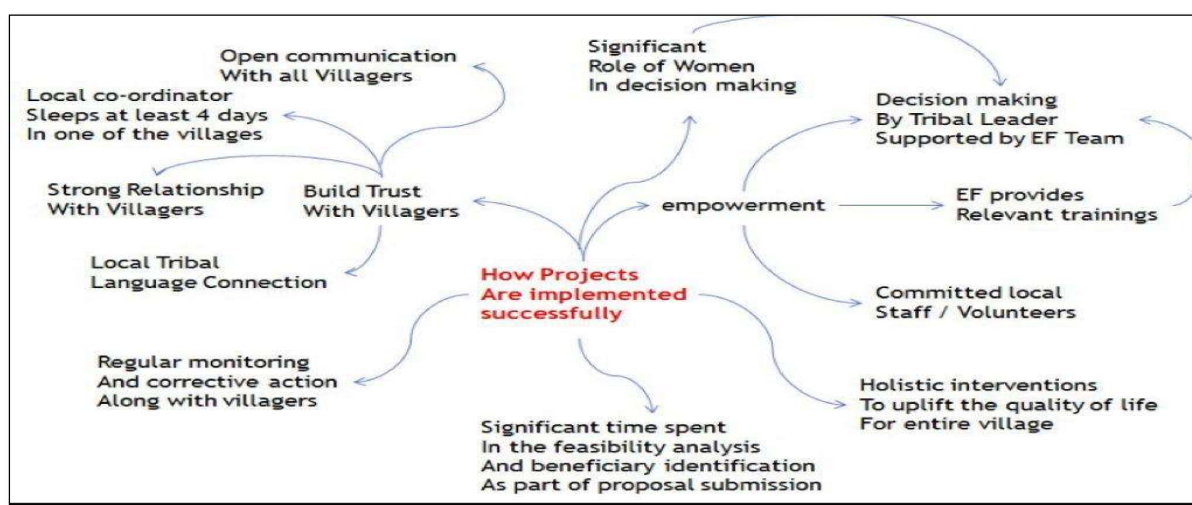

On- going Projects:

- Watershed projects covering 1700 Hectares of land.
- Spring shed project covering 1000 Hectares of land.
- Orchard's development projects in 400 Acres for 400 tribal families.
- Formation and Promotion of Farmer Producer Company (FPCs) through empanelment under the Cluster Based Business Organisation (CBBO) under central sector scheme.
- Organic Farming in 100 acres.
- Organic Certification in 20000 acres as authorised Regional Council under Govt. of India.
- Hostel with free coaching for competitive exams along with boarding and lodging for 100 Tribal Girls and Boys every year.
- Running 160 tuition centres for around 4000 primary school level under-privileged children. And conducting extracurricular activities in 205 Govt. high schools.
